LE SAINT-RÉMY

A new chapter begins

Housed within a 19th-century Manor House steeped in history, LE SAINT-RÉMY entered a new era in 2022 under the vision of Géraldine Forestier. Her approach redefines contemporary hospitality through a lens of sincerity and restraint, where emotion takes precedence over ostentation.

Thoughtfully renovated and re-enchanted, the hotel has reclaimed its former grandeur while preserving the soul of its heritage. Today, it stands as one of the most emblematic addresses in Saint-Rémy-de-Provence.

The property now features 31 rooms and suites, along with a private residence, Villa Magnolia, offering an intimate and elevated living experience. Its transformation carefully balances historic character with modern comfort, expressed through a contemporary Provençal design.

« Rethinking LE SAINT-RÉMY meant listening to what makes it truly unique. Today, the hotel offers an experience where luxury is discreet, sincere and authentic. »

– Géraldine Forestier.
